\* **Tech. Notes:** (1) PPM speed listed for 200 dpi. (3) ISIS. (4) TWAIN. (5) WIA. (6) Linux SANE. (7) Optional Flatbed(s) available. (8) Imprinter included. (9) Imprinter available. (10) All Perfect Page scanners work in a VRS environment and are a valid VRS source; VRS software is not included with the scanner. (11) IEEE-1394 (FireWire) Interface (card and cable included), 6-pin connector. (12) Same speed at 200 and 300 dpi. (13) DB is B&W only. (14) Enables scan to specific locations, [Microsoft SharePoint](#), printers, drives or web based email clients (Gmail, Yahoo! and Hotmail). (15) USB 3.0 compatible, ships with USB 3.0 cable (16) MAC drivers available

**Software Platforms** (Kodak Software Portfolio: [kodakalaris.com/go/disoftware](http://kodakalaris.com/go/disoftware))

**Support**

**Kodak**  
Capture Pro Software

[Kodak Capture Pro Software](#)

Simplify Scanning | Automate Indexing | Maximize Connectivity

**Kodak Capture Pro Software is the complete capture software application that allows you to scan, process, utilize, and manage documents and important data from those documents. Get powerful, flexible and affordable batch capture with Kodak scanners—and scanners from other popular manufacturers – in desktop to high volume production environments.**

- Capture Pro Software is suitable for a broad range of horizontal application in many industries and market segments. It is ideal for either centralized or distributed scanning applications.
- Also available in the following editions:
  - Network Edition – Centrally manage remote scanning and indexing anywhere
  - Auto Import Edition - Auto import from apps, databases and storage systems
  - Limited Edition - Out-of-the-box productivity with Kodak scanner

[Smart Touch functionality](#)

Ideal for ad hoc document capture and output to a file, email, printer or [Microsoft SharePoint](#)

- Bundled with select Kodak Scanners
- Output documents in a variety of file formats
- Easily configure locations, then scan with one touch

**Kodak**  
Info Activate Solution

[Kodak Info Activate Solution](#)

Activate Information | Streamline Processes | Optimize SharePoint

**Kodak Info Activate Solution is a distributed enterprise capture, management and workflow solution designed to streamline the onboarding of electronic and paper documents into transactions and business processes in a SharePoint environment. The use of Info Activate Solution adheres to defined governance policies so documents are correct metadata to efficiently find and retrieve content when needed.**

- Kodak Info Activate is best suited for document-oriented, ad hoc, non-production capture environments. It is ideal for small, mid-size and enterprise organizations capturing documents in multiple, distributed locations to manage business processes in their SharePoint environment.

**Kodak**  
Info Input Solution

[Kodak Info Input Solution](#)

Connect Applications | Import Seamlessly | Leverage Web Technology

**Kodak Info Input Solution is a browser-based capture application delivering ease of implementation and use. It's secure, scalable, centrally managed, easily deployed/supported, and extremely cost-effective. Leverage your investments in existing ECM infrastructure with a nimble capture solution ideal for mission and time-critical transactional applications. Make knowledge workers and customers happier by making information available faster.**

**Kodak**  
Info Insight Platform

[Kodak Info Insight Platform](#)

Tame Content | Harvest Insight | Achieve Intelligence

**The Kodak Info Insight Platform provides intelligent analysis and understanding of incoming documents and digital correspondence, regardless of format and structure. It learns from the behavior of expert users during information evaluation and processing with the goal to extract and enrich key information delivery to the appropriate business processes. The product and solutions suite helps organizations make better decisions faster and frees up valuable time to seek new business opportunities.**

- Kodak Info Insight is well suited for a broad variety of businesses with a large number of end customers. Business applications like digital mailroom management, claims processing, customer onboarding, response management, invoice reading, expense management etc.

**Sales Certification and other training for Software and Solutions available here:**

[kodakalaris.com/go/learning](http://kodakalaris.com/go/learning)

**Kodak Service & Support for Document Imaging Solutions** addresses your system needs throughout the life of your investment, via installation, maintenance and valuable professional services, ensuring ongoing productivity as well as continued relevance of the solutions to your business processes for years to come.

Our services are available for Kodak-branded and other manufacturers' equipment alike providing a single source for your services needs.

Extending lifespan, reducing costs, and maximizing productive uptime are essential to your investment in technology.

Expanding the proficiency of your workforce and systems via training and application of cutting-edge technology is critical.

Kodak Alaris enables it all.

[Kodak Service & Support](#)

[Kodak Asset Management Software](#)

- Know more and do more by remotely managing **Kodak Scanners**
- System administrators can manage and maintain select **Kodak Scanners** on their network through one simple thin-client dashboard solution
- **Kodak Asset Management Software** will optimize time, budgets, resources and efficiency. You'll know more about every scanner and be able to do more across your network, thanks to **Kodak Asset Management Software**

**Kodak Capture Pro Software CAT numbers for [supported scanners](#)** – Capture Pro supports over 200 Kodak and other branded scanners. The CAT number descriptions below reflect the license level supported (Scanner Group A-G, Index, Auto Import) and the length in years of the included Software Assurance (1, 3, 5 years). All CAT numbers include professional Start-Up Assistance. Learn about Capture Pro [Sales and Technical Certification Training](#).
